

Coronavirus COVID-19

As key suppliers to Medical Services, Retailers & Food Producers, North West Labels will remain open during Level 5 restrictions. Our staff are trained in the very best practice, to help minimise any risk. Mask Wearing, Temperature Checking, Hand Sanitizing & Social Distancing have been the norm here since the early Summer.

We continue to restrict all non-essential visitors to our premises. To avoid unnecessary face-to-face meetings with our designers, we conduct our artwork service remotely.

Our team are committed to servicing you with minimum interruption, while still adhering to Government Health Guide Lines. For their safety & yours, we'd appreciate your continued co-operation.

Thank you. #staysafe
